Re: Petition for Adoption of Rules Requiring Non-toxic Fishing Tackle and Non-toxic Ammunition

Dear Commissioner Strommen,

On behalf of the Minnesota Division of the Izaak Walton League of America (MN-IWLA) we request to be included on the petition presented by the Friends of Minnesota Scientific and Natural Areas (FMSNA), and the ten (10) other organizations that initially signed on and submitted the 14-page "Petition to the Minnesota Department of Natural Resources for Adoption of Rules Requiring Non-toxic Fishing Tackle and Non-toxic Ammunition."

We are grateful for your attention to this matter, and look forward to continuing to work with the Minnesota DNR to adopt rules that adequately protect human health and the environment.

Sincerely,

Ted L. Suss
Minnesota Division President
Izaak Walton League of America
